Associated Press

Charismatic Christian group People of Praise has erased references to and photos of Amy Coney Barrett from website

Published: Sept. 30, 2020 at 7:20 p.m. ET

References to relatives also purged, the Associated Press finds, including a magazine article in which the Supreme Court nominee's mother is referred to as a 'handmaid' of the religious group

First step: Twitter Analysis

Past vs Present for the official twitter account

<http://web.archive.org/web/20200920040240/https://twitter.com/peopleofpraise>

<https://twitter.com/peopleofpraise>

The official Twitter account of the group and the users that are followed the group

<https://twitter.com/peopleofpraise/following>

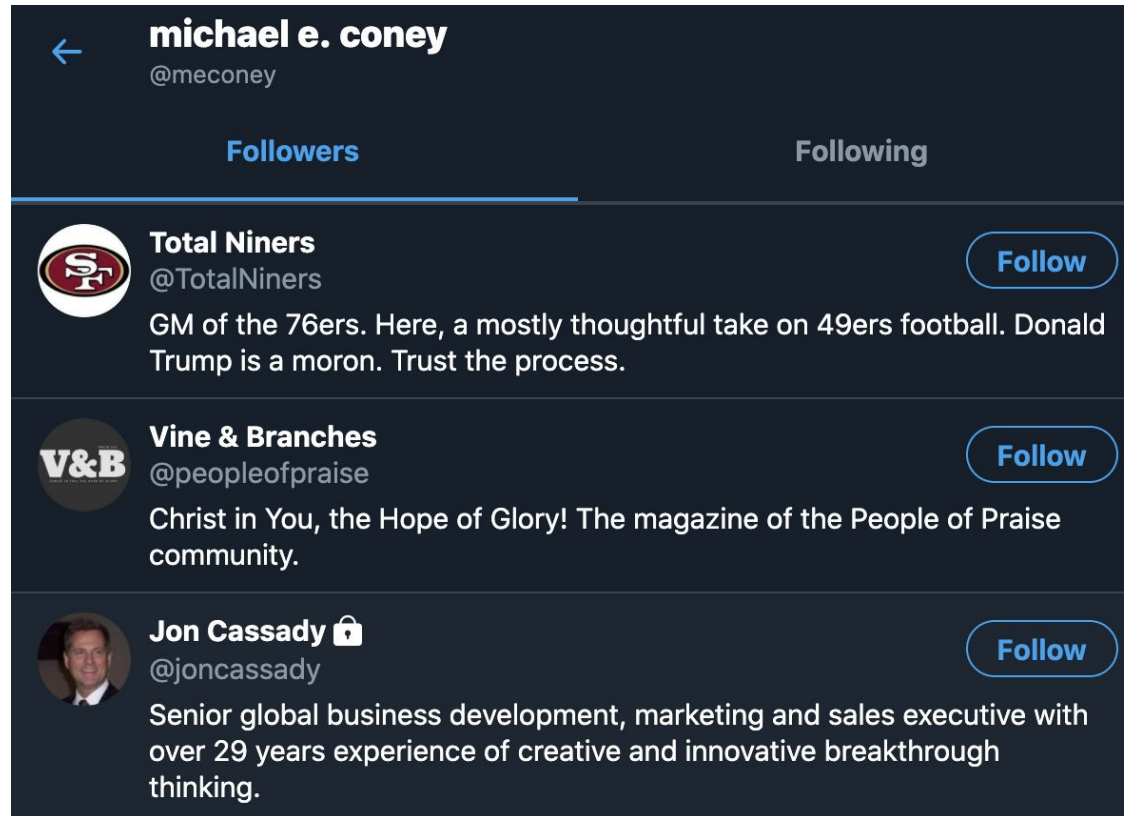

<https://twitter.com/meconey>

- Account was created on May 2009
- 0 non-deleted tweets from the account

The twitter account is most probably valid

- Not a verified account of the father or the brother.
- Account is followed by the official group which adds validity.

<https://twitter.com/meconey/followers>

Possible Twitter account of the father or brother not found in the archives

```

Tom Evans to Step Down as Coordinator for Southern Branches

BRANCHES 17 COMMENTS

By Chris Meehan

Tom Evans, the coordinator responsible for the Biloxi, Mobile and Shreveport branches will step down from his position on July 1, 2010. Diane, Tom's wife, will also relinquish her handmaid-type responsibilities for these three branches.

Mike Coney, principal branch coordinator for New Orleans and a member of the community's board of governors, will assume Tom's responsibilities. Linda Coney, principal handmaid in New Orleans, will take up Diane's work relating to the women leaders of these

Tom and Diane Evans. Credit: Angela Pingel

<http://www.peopleofpraise.org/news/?p=566>

“You don't have to be Mr. Handyman to help on these trips,” he adds. “It's great if you can plumb, install wiring or do carpentry, but if you can't there's still plenty of work to do.”

Work like driving the team from place to place, preparing meals, or traveling to the various Lowe's and Home Depots around town and begging for discounted building materials.

“The life experiences that adults bring to these trips are huge assets,” adds Mike Coney (Indianapolis), who is managing this Action team's work. “Just knowing what questions to ask about a job and when to ask them can make the difference between success and failure.”

Image snippet of 3 of the 7 references

■ **Jesse and Amy Barrett** (South Bend) happily welcomed long-awaited **John Peter** into their family on January 26. He was born in Haiti and was three on February 11. Since they were nearing the end of the adoption process when the earthquake hit, the final U.S. paperwork was fast-tracked.

Karen Murray

Branch: New Orleans

Job: Kindergarten teacher

Story: I met Mike Murray (New Orleans) in the spring of 2004 at a Theology on Tap gathering in New Orleans. He invited me to a public meeting, and within six months I had attended a Pentecost Seminar and a Community Weekend. I came underway in January of 2005, and not long afterwards Mike and I were engaged. We were married the next November, just about two months after Hurricane Katrina hit New Orleans. Since the branch was scattered all over the country, two women in the South Bend branch, Carrie Urbanski and Amy Barrett, collected cards and gifts to present at my bridal shower.

The day I made the covenant, I read some Scripture verses that capture my experience in the community: "For I am convinced that neither death nor life . . . nor anything else in all creation will be able to separate us from the love of God" (Rm. 8: 38-39).

From left: Amy Barrett (South Bend) and Carolyn Bassett (northern Virginia).

Summary

- Amy Barrett and her husband do not have an official Twitter account, so any analysis on their tweets could not be conducted.
- The group's official twitter account is not famous enough to be archived frequently, so deleted tweets, if any, were not found.
- No mention of Amy Barrett or her husband Jessie Barrett was found on the live version of the group's website.
- Seven references to Amy Barrett and six references to Jessie Barrett were found to be deleted from the website.
- All the digital magazines were removed from the website. This could have been done to obfuscate the intent of only removing references to Amy Barrett.

Script for getting the followers of a twitter account

```
import tweepy
import sys

consumer_key = "*"
consumer_secret = "*"
access_token = "*"
access_token_secret = "*"
auth = tweepy.OAuthHandler(consumer_key, consumer_secret)
auth.set_access_token(access_token, access_token_secret)
api = tweepy.API(auth)
for page in tweepy.Cursor(api.followers, screen_name=sys.argv[1]).pages():
    for user in [x.screen_name for x in page]:
        print(user)
```

Script for getting the tweets of a twitter account

```
import tweepy
import sys

consumer_key = "*"
consumer_secret = "*"
access_token = "*"
access_token_secret = "*"
auth = tweepy.OAuthHandler(consumer_key, consumer_secret)
auth.set_access_token(access_token, access_token_secret)
api = tweepy.API(auth)
with open(sys.argv[1], "r") as f:
    for user in f.read().split("\n"):
        for tweet in tweepy.Cursor(api.user_timeline,id=user, tweet_mode = "extended").items():
            print(f"https://twitter.com/twitter/statuses/{tweet.id} {tweet.full_text}")
```

Script for sanitizing the url

```
import sys
fname = sys.argv[1]
with open(fname, "r") as f:
    for url in f.read().split("\n"):
        print("http://www." + url.split("//", 1)[-1].lstrip("www.").rstrip("/").replace(":80", ""))
```

Script for keyword search in set of live urls

```
import sys
import re
import requests
pattern = re.compile(r"^[^a-zA-Z](amy | barrett | coney)[^a-zA-Z]", re.IGNORECASE)
fname = sys.argv[1]
with open(fname, "r") as f:
    for url in f.read().split("\n"):
        resp = requests.get(url)
        if "html" in resp.headers["Content-Type"] and pattern.search(resp.content.decode("urf-8")):
            print(url)
```

Script for checking inactive urls

```
import sys
import requests

def sanitize(x):
    return "http://www." + x.replace(":80", "").replace("https", "http").split("/", 2)[-1].replace("www.", "")

fname = sys.argv[1]
with open(fname, "r") as f:
    for url in f.read().split("\n"):
        resp = requests.get(url)
        status_code = resp.status_code
        if sanitize(resp.url) != sanitize(url):
            status_code = resp.history[0].status_code if len(resp.history) > 0 else status_code
        if status_code != 200:
            print(url)
```
